Demographic Profiles for Local Workforce Investment Areas in California (2020 American Community Survey 5-year estimates)

The U.S. Census Bureau has released a series of **Demographic Profiles** for the 2020 American Community Survey (ACS) 5-year estimates. These profiles contain summary data for age, race/ethnicity, sex, household type and relationship, housing occupancy, and the social and economic data, such as income, poverty and labor force. The Profiles were released for California, counties, incorporated cities and Census Designated Places, Congressional Districts, and Indian Reservations.

Select Local Workforce Investment Areas (LWIA) in California are groups of legal jurisdictions rather than a single county or city. The following Demographic Profile was generated from the Demographic Profiles of the individual component geography. The aforementioned select LWIA's are listed below:

Balance of Alameda county - **Includes:** Alameda County; **Excludes:** Oakland City

Balance of Los Angeles County - **Includes:** Los Angeles County; **Excludes:** Arcadia, Artesia, Bellflower, Burbank, Carson, Cerritos, Downey, Duarte, El Segundo, Gardena, Glendale, Hawaiian Gardens, Hawthorne, Hermosa Beach, Inglewood, La Canada-Flintridge, Lakewood, Lawndale, Lomita, Long Beach, Los Angeles, Manhattan Beach, Norwalk, Paramount, Pasadena, Redondo Beach, Sierra Madre, South Pasadena, and Torrance Cities.

Balance of Orange County - **Includes:** Orange County; **Excludes:** Anaheim and Santa Ana Cities

Balance of Contra Costa County - **Includes:** Contra Costa County; **Excludes:** Richmond City

San Jose-Silicon Valley - **Includes:** Santa Clara County; **Excludes:** Cupertino, Los Altos, Milpitas, Mountain View, Palo Alto, Santa Clara, and Sunnyvale Cities

Foothill Employment and Training Consortium - **Includes:** Arcadia, Duarte, Pasadena, Sierra Madre, and South Pasadena Cities

NOVA Consortium (North Valley Consortium) - **Includes:** San Mateo, Cupertino, Los Altos, Milpitas, Mountain View, Palo Alto, Santa Clara, and Sunnyvale Cities

Pacific Gateway Workforce Investment Area - **Includes:** Long Beach and Signal Hill Cities

SELACO (Southeast Los Angeles County Consortium) - **Includes:** Artesia, Bellflower, Cerritos, Downey, Hawaiian Gardens, Lakewood, Norwalk Cities, and Paramount

South Bay Consortium - **Includes:** Carson, El Segundo, Gardena, Hawthorne, Hermosa Beach, Inglewood, Lawndale, Lomita, Manhattan Beach, Redondo Beach, and Torrance Cities

Verdugo Consortium - **Includes:** Burbank, Glendale, and La Canada-Flintridge Cities

Golden Sierra Consortium - **Includes:** Alpine, El Dorado, and Placer Counties

Kern/Inyo/Mono Consortium - **Includes:** Kern, Inyo, and Mono Counties

Mother Lode Consortium - **Includes:** Amador, Calaveras, Mariposa, and Tuolumne Counties

North Bay Consortium- **Includes:** Marin, Napa, Mendocino, and Lake Counties

NCCC (North Central Counties Consortium) - **Includes:** Colusa, Glenn, Sutter, and Yuba Counties

NoRTEC Consortium (Northern Rural Training and Employment Consortium) - **Includes:** Butte, Del Norte, Lassen, Modoc, Nevada, Plumas, Shasta, Sierra, Siskiyou, Tehama, and Trinity Counties

Calculated Medians and Means:
It was necessary to calculate all median values from the data available in ranges. While some means are calculated with rounded values. These values are indicated with [C] in the item description. The user should be aware that the difference of these medians from the actual median is in direct relationship to the width of the ranges from which they are calculated.

Below is the list of detailed tables from the 2020 American Community Survey 5-year estimates used to calculate all medians and some means in the Demographic Profiles:
B08133, B13002, B17001, B17006, B17009, B17010, B17021, B19001, B19025, B19062, B19063, B19065, B19066, B19067, B19069, B19101, B19127, B19201, B19214, B19313, B20001, B20005, B25003, B25004, B25009, B25063, B25075, B25087

Explanation of Terms:
For more information about the ACS and terminology, see
 "American Community Survey Information Guide".

Source: U.S. Census Bureau, 2016-2020 American Community Survey

Explanation of Symbols:
1. An '**' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
2. An '-' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
3. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
4. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
5. An '***' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
6. An '*****' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
7. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.

8. An '(X)' means that the estimate is not applicable or not available.

35.0 percent or more	4,625	48.7%
Not computed	811	(X)

Explanation of Symbols:
1. An '**' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
2. An '-' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
3. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
4. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
5. An '***' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
6. An '*****' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
7. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.

8. An '(X)' means that the estimate is not applicable or not available.
